pulckly assembled. The detective was rescued by the police with difficulty. followed by the mob to the jail.

Licking county, of which Newark is the county seat, is "dry," under the Rose local option law, but Anti-Saloon League officials declare that the law is not enforced. Wayne B. Wheeler. State superintendent of the league, at Columbus, to-night declared that today's situation was brought about by Atherton, of Newark, in not upholding the law. Wheeler said that the deectives sent to Newark to-day were

from Cleveland,
After the body of Etherington had
dangled from the pole for an hour,
swinging before the gaze of a quiet
and sobered crowd, which slowly
melted away, the rope broke under
the weight of the body. The city am-

morgue
An hour later the city was absolutely quiet, with little chance of further disturbance. The other "dry" detectives in the city prison are safe for the present.

Treeps Not Sent.

Columbus Ohio, July 8.—Although steps were taken between 10 and 11 o'clock to-night to call out treops to send to Newark, none was dispatched. Adjutant-General Weybrecht and Secretary of the Governor Long received a telephone message from Newark askfor help. Steps were taken at once to call out the companies of the Fourth Regiment and Troop B, and traction cars were engaged for them. Before anything furtner could be done word came that Etherington had been lynched and that the mob had dispersed.

lynched and that the mob had dis-persed.

Five commands of militia have been advised to be in readlness if further trouble threatens. Late to-night Adjutant-General Weybrecht, Colonel L. B. Barger, of the Fourth Regiment, and Lieutenant Chamberlain, or Troop B, left Columbus for Newark.

STEEL COMPANIES ALARMED

They Want No Precedent Established in Replacing Armor Plates.

Washington, D. C., July 8.—The farreaching results of the precedent that might be established by the imposition of damages growing out of trivial defects in armor plate was advanced to-day by the Midvale Steel Company in the case of defective armor on the battleships North Dakota and Utah Briefs in the case were filed with the Navy Department to-day and decision will be reached after the return of Assistant Secretary Winthrop next week.

The company has offered no protest to the substitution of the four plates but the issue is over the cost of taking off the armor and replacing it. The company points out that it would be only a slight stretch of policy to require the shipment of the plates to some distant foreign port, and all the expense that such a work would entail in the event that spalis or other tunavoidable defects should be discovered on American war craft thousands of miles from home.

Similarly, the protests contend, it might follow that the armor plate manufacturer could be held responsible if the shot of an enemy should happen to strike the small spot in a plate, penetrate the ship and cause disaster.

The arguments are hypothetical, but the private concerns want the govern-

disaster.

The arguments are hypothetical, but the private concerns want the government to avoid piedzink itself to any such dectrine of obligation.

DESPONSIBILITY PLACED

Farmers and Railroads Put Dents in

Formers and Railronds Put Dents in Milk Cans.

New York, July 8.—The farmers and the railroads are responsible for the big dents in milk cans which so decrease the size of the receptacles as to cheat seriously the New York public This is the opinion of Chief Driscoll, of the New York Bureau of Weights and Measures, who is conducting a vigorous campaign against short measures. The farmers dent the cans intentionally to cheat the dealers, says Mr. Driscoll; the railroads help the swindle along by rough handling.

In a letter to railroad officers to-day, Mr. Driscoll pleads for more careful handling of the cans. He has not solved the problem of reaching the guilty farmer. Produce dealers in the city also received a warning to-day that potate barrels had been found woefully short.

GOES TO PRISON

Tmporter of Teas and Figs Had Defraulted Government.

New York, N. Y., July 8.—A sentence of two years imprisonment in the Federal pentientiary at Atlanta, was to-day imposed upon Stamatis D. Stamatopoulos, an importer of teas and figs, convicted of conspiracy to defraud the government out of duties through the underweighing of merbandise imports.

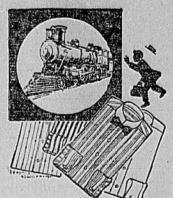

District Attorney Wise, in urging imposition of a severe sentence, said

imposition of a severe sentence, sau that in three years the prisoner had swindled the government out of about \$30,000 and that Federal suits were pending against him for \$65,000 back duties and the retention of \$17,000 re-fund money which the prisoner

fund money claimed. Judge Hand granted a stay of ten days to allow for appeal and fixed days to allow for appeal and fixed ball at \$25,000.

Simon J. Mescal, the assistant customs weigher, jointly indicted with the importer, pleaded guilty at the trial and sentence upon him was suspended.

Washington, July 8.—"The congressional committee on the cost of living recently detailed fifteen reasons for the high cost of living, and yet one of the most important reasons for high prices was left out of their repart." remarked Solicitor McCabe, of the Department of Agriculture, to-day, "The execution of the pure food law has undoubtedly had an important effect upon prices. Formerly resort was had to adulteration and misbranding to reduce the price of alleged articles. Now people buy raspberry lam, for instance, and pay more for it, but they get what they pay for. So it is with many other articles in common use. This increase in price, of course, is only apparent, but it impresses the people who make purchases as real."

Norfolk, Va., July 8.—While preparing to take the steamer Pennsylvania from Cape Charles to Philadelphia, M. C. Pierce was late to-day arrested by detectives on the charge of attempting to kidnap six-year-old Gladys B. Woodhouse. The warrant for Pierce's arrest was sworn out by the child's mother, Mrs. D. C. Woodhouse. The child was in Pierce's custody when he was arrested.

Pierce is the step-grandfather of the child. He will have a hearing to-merrow morning.

those existing with other European countries. Parcels shall not weigh more than eleven pounds nor exceed \$50 in value. The rate of postage will be twelve cents a pound or frac-tion of a pound. The agreement was operative July 1.

or the battleship Maine in Havana harbor.

"I have been recently in communication with the acting Secretary of War," said Mr. Arbuckle, "and when he informs me that bids will be opened for the contract for the raising of the Maine we shall be on hand. I have full faith that I can raise the wreck. I have explained my plans to reveral naval officers and they share my confidence. I have not told the War Department what my plans are or how much the work will cost, but I shall hand in a bid at the proper time. I don't itnow that any one else has been in communication with the War Department on this subject. No bids have been put in yet, as they have not been called for."

Strain of Work and Play Too Much for Young Expert.

New York, July 8.—Danding, the one consuming bassion of Archibald D. Winder, of 263 Franklin Avenue, Brooklyn, was largely responsible for his death. An excellent dancer himself, he taught dancing, and so well did he do so, that, although only a boy of seventeen years, actors and actresses who carn their living through their proficiency in dancing attended his classes in order that they might become adopts in fancy steps.

All day he worked in a bank and most of the night he danced. According to Dr. William F. Ganster, one of the physicians who attended the young man in his last illness, the combination of an inactive life spent over a desk each day and of the trying labor of a dancing teacher at night proved too great a strain for him.

Will Revise Tariff.

WOODROW WILSON FOR PRESIDENT FOR PRESIDENT Financial and Political Interests Combine to Place Him in was concluded at 4:30 c'clock, lawyers then addressed the jury, and the case was given to them about 10:30, with no prospect of a verdict to-night. Brown went on the stand in his own defense, and claimed that Hoy was coming at him with a knife when he shot. There was no other evidence that Hoy had a knife drawn. Brown admitted that he had the gun to make he hoy fight fair or kill him. Brown's lawyers claim that he was crazed from drink. The courtroom was packed all day.

Combine to Place Him in White House,

GOVERNORSHIP FIRST

Plan Is to Use New Jersey's Highest Gift as a Stepping

Stone.

Woodrow Wilson, president Princeton, was born in Staunton, Va., December 28, 1856, and after taking his degree at Princeton attended law his degree at Princeton attended law lectures under Dr. John B. Minor at the University of Virginia. He married in 1885 Miss Ellen Louise Axon, or Savanusah. Dr. Wilson has frequently spoken before learned societies of this Sinte, and some years ago delivered the principal address before the Virginia Sinte Bar Association at the Hot Springs. His Virginia friends urged him to become a candidate for the presidency of the University of Virginia, but he declined. Dr. Wilson has been the Thomas lecturer at Richmond College, and on his last visit to this city spoke at the Academy.

exclaimed, "At last!"

"At last what?" demanded Mrs. Kerwin, not prepossessed with her visitor's outer shell.

"At last," cried Smith (according to Mrs. Kerwin), in a voice throbbing with that quality known to musicians as timbre, "at last I can speak what has lain in my heart for twenty years. At last, in a word, I can say in your presence that I i-1-l-ove you."

"Circles.

INSANE PATIENT SLAIN.

INSANE PATIENT SLAIN.

Four Asylum Attendants Discharged Pending Investigation.

Trenton, July S.—Joseph Sido, a patient at the New Jersey Hospital for the Insane in this city, died at the institution as a result of severe injuries, and four attendants who had charge of the ward in which Sido was located have been discharged. The county prosecutor's office is investigating the matter, but no arrests have been made as yet.

Sido was found in an unconscious condition about 2 o'clock this morning, and died about two hours afterward. An autopsy showed several punctures in his intestines and three or four ribs broken. He also had had hemorrhages. The attendants profess to know nothing of how Sido was injured, but the autopsy revealed that the injuries occurred within twelve hours of the death, so that Sido was hurt some time during the night when these attendants were on duty. In addition to the investigation being made by the prosecutor's office, a coroner's inquest will be held.

\$5 DEBT, 46 YEARS OLD, PAID IN FULL STAY IS GRANTED
